

SKY ISLANDS BIODIVERSITY HOTSPOTS TOUR

MOUNTAINS, WOODS, WATER & WILDLIFE!

Discover the beauty and contrast of 3 different Sky Islands Biodiversity Hotspots, including a typical Madrean Evergreen Woodland, Grassland, and Riparian zone. Join Naturalist, Ethnobotanist, Wildlife Biologist, and Wilderness Survival Instructor Vincent Pinto for this comprehensive Nature exploration to learn about the Natural History and intricate Ecology of each area. Search for the resident wildlife, including a diversity of waterfowl, raptors, wintering passerines, Elegant Trogon, Black-capped Gnatcatchers, Black Bear, Mountain Lions, Coatis, Pronghorns, Acorn and Arizona Woodpeckers, Painted Restart, LarkBunting, Sparrows, and more! Vincent will also interpret the wildlife tracks and signs that you encounter in all these active wildlife corridors!

WHEN: NOVEMBER 25

TIME: 8:30am - 3:30pm

TUITION: \$60

WHERE: Meet at Raven's Nest Nature Sanctuary and carpool to share the vehicle Entry Fee at the Lake!

Ethnobotanist, Naturalist, Wildlife Biologist, Bird Guide & Wilderness Survival Instructor Vincent Pinto and his wife, Claudia, run RAVENS-WAY WILD JOURNEYS. RWWJ is dedicated to the Conservation and Protection of Nature, Wildlife, and the Environment through a wide variety of Nature Adventures & Educational Programs to raise awareness about the unique Biodiversity of the Sky Islands. Visit our website and explore our Safari Tented Camp!
